chine

- It adopts imported high speed main axis motor, stable rotation, low noise, strong milling ability.
- It adopts PLC, Intelligent Integrated Numerical Control System, concision and vivid human and machine interface to have easy operation.
- Imported high speed electric spindle, noiseless and stable in performance.

clamping three surface milling.

电源	Power supply	380V/50Hz
气源	Air supply	0.5～0.8MPa
主轴转速/功率	Main axis rev/power	18000rpm/3kw/4.5kw
加工尺寸范围	Processing size	100×100×1200mm/100×100×2500mm
工作台工作位置	Worktable position	
Y轴运行速度	Y-axis speed	0～30m/min
Z轴运行速度	Z-axis speed	0～30m/min
